The image shows the Webex User Hub interface. On the left sidebar, the '프로필' (Profile) menu item is highlighted with a red dashed box and a red circle '1'. The main content area shows a profile form with fields for '주소' (Address), '통화' (Calls), and '보안' (Security). At the bottom of the profile form, the '내 계정 삭제' (Delete My Account) button is highlighted with a red dashed box and a red circle '2'. A confirmation dialog is overlaid on the right, titled '계정을 삭제하시겠습니까?' (Are you sure you want to delete your account?). The dialog contains a red lightning bolt icon and the text: '계정을 삭제하면 비활성화되며, 데이터와 미팅 링크를 제거합니다. 이 작업은 되돌릴 수 없습니다.' (Deleting your account will deactivate it, and we will delete your data and meeting links. This action is irreversible.). At the bottom of the dialog, the '내 계정 삭제' (Delete My Account) button is highlighted with a red dashed box and a red circle '3', along with a '취소' (Cancel) button.
